

xtd::network::http
::Request::readHead

```
graph LR; A["xtd::network::http::Request::readHead"] --> B["xtd::network::http::Request::setMethod"]
```

A diagram showing a call from the `readHead` method to the `setMethod` method. The `readHead` method is represented by a gray box on the left, and the `setMethod` method is represented by a white box on the right. A blue arrow points from the `readHead` box to the `setMethod` box.
